

The Right CGM for You

There are four continuous glucose monitor (CGM) products on the market today. Which is best for you depends on a number of things—especially your insulin delivery method. That's a good place to start when shopping for a CGM.

Update!
Since *Diabetes Forecast* published this guide to CGMs, the Medtronic MiniMed Revel has begun working with the Enlite sensor. It now has full CGM capabilities.

CGM COMPONENTS
