

BLOOD GLUCOSE METERS

KEY

- = audio capability
- = backlight
- BP** = measures both blood glucose and blood pressure
- = wireless Bluetooth capability
- C** = requires user coding
- = can save data to the cloud without having to push the data to another device
- = computer download capability
- = cellular connectivity
- K** = also tests blood ketones
- P** = communicates with insulin pump
- = port light
- = multilingual
- = logs insulin dose
- = meter program offers access to certified diabetes educators
- = compatible with smartphone app made for this meter
- *** = microliters
- **** = sold only with insulin pump
- MSRP** = manufacturer's suggested retail price. These are over-the-counter retail prices; check with your insurance plan for specific coverage and how much you may have to pay.

BLOOD DROP SIZE

Meters specify how much blood is needed to get an accurate reading. Some meters allow you to reapply blood within a few seconds if your sample size was too small, so you don't waste a strip.
